

Amendments to the Claims:

The following listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Original) A synthetic resin container comprising a container body, said container body having a main portion formed with a plurality of sectioned recesses, said container further comprising:

a label arranged at said main body portion of the container body and surrounding the main body portion, for providing an improved rigidity of the container.

2. (Original) The container according to claim 1, wherein said label is immovably arranged through an adhesive layer.

3. (Currently Amended) The container according to claim 1 ~~or 2~~, wherein said label is one of a heat-shrinkable label and a stretch label, which is tightly in close contact with the container body.

4. (Original) The container according to claim 2, wherein said label is a tack label.

5. (Currently Amended) The container according to ~~any one of claims 1 to 4~~claim 1, wherein said label comprises an essentially same type of material as said container.

6. (New) The container according to claim 2, wherein said label is one of a heat-shrinkable label and a stretch label, which is tightly in close contact with the container body.

7. (New) The container according to claim 2, wherein said label comprises an essentially same type of material as said container.

8. (New) The container according to claim 3, wherein said label comprises an essentially same type of material as said container.

9. (New) The container according to claim 4, wherein said label comprises an essentially same type of material as said container.

10. (New) The container according to claim 6, wherein said label comprises an essentially same type of material as said container.
